SECTION 1: GENERAL INFORMATION AND INSTRUCTIONS

Sealed proposals shall be enclosed and secured in an envelope/package and properly marked and displayed on outside of envelope/package bearing the name and address of proposer, proposal number, and project identification. Lowcountry Regional Water System shall not be responsible for unidentified proposals. Proposals shall be addressed to

**Kari Foy, Engineer
Lowcountry Regional Water System
513 Elm St West
Hampton, SC 29924**

Hand delivered proposals should be delivered to the same above referenced address.

Proposals shall be delivered to the Lowcountry Regional Water System Engineer no later than **Thursday, August 5, 2021 at 2:00 PM EST** at which time all proposals will be opened and **only the names of the respondents will be announced**. Proposals received later than the deadline will be returned unopened. Proposers mailing their proposal must allow a sufficient mail delivery period to insure timely receipt of their proposal. Lowcountry Regional Water System is not responsible for proposals delayed by mail and/or delivery services of any nature.

Prior to submitting a proposal, each proposer shall carefully examine the RFP document, study and thoroughly familiarize himself/herself with the specifications/requirements thereof and notify Lowcountry Regional Water System of any conflicts, errors, or discrepancies.

All proposals shall remain firm for at least sixty (60) calendar days from the date of receipt.

By submission of a proposal, the proposer guarantees that all goods and services meet the requirements of the solicitation during the agreement period.

Failure to submit all required information may be determined as a non-responsive proposal.

Questions – All questions concerning this solicitation must be submitted in writing and directed to the Engineer by fax, 803-943-1014, Attn: Kari Foy or by e-mail, kari.foy@lowcountrywater.com. Proper reference to this Request for Proposals is required. **The deadline for submitting questions is Monday, July 26, 2021 at 5:00 pm EST**, ten (10) calendar days prior to the affixed date for receipt of proposals. Verbal information obtained otherwise will not be considered in the awarding of the proposal.

Addendum to Proposal – If it becomes necessary to revise any part of this RFP, an Addendum will be issued in writing to all prospective proposers on file whom have received this solicitation. All addenda issued by Lowcountry Regional Water System must be acknowledged in writing by proposer on the appropriate form, and a copy returned with their response.

Deviations – Any deviations from the Scope of Work indicated herein must be submitted in writing and clearly noted and explained in detail on a separate form and attached to the submitted

proposal; otherwise, it will be considered that items/services offered are in strict compliance with this solicitation and the successful proposer shall be held accordingly responsible.

Any deviations within a submitted proposal between prices quoted and restated in the summation sheet shall be resolved by the General Manager as being the lower price, unless the proposer requests in writing, a correction or withdrawal of proposal prior to the date and time set for receipt of proposals.

Certificate of Familiarity – The attached Certificate of Familiarity and Non-Collusion must be completed and returned with proposal. Failure to include this form may be cause for rejection of a proposal.

Signature – A proposal shall be made in the official name of the proposer or firm under which business is conducted (showing the official business address) and must be signed in ink by a person duly authorized to legally bind the person, partnership, company, or corporation submitting the proposal.

Additional Information – Proposers are to include all applicable requested information and may include any additional information they wish to be considered pertinent to this solicitation. Additional information shall be a separate section of the proposal and shall be clearly identified as such.

Amendments, Withdrawals, and Mistakes – Offers, amendments or withdrawal requests must be received by the time advertised for RFP closing. Proposals may be withdrawn by the proposer prior to, but not after, the time set for RFP closing. Mistakes may be crossed-out and corrections inserted adjacent thereto, and shall be initialed, in ink, by the person signing the proposal.

Confidential Information – Proposers must clearly mark as “Confidential” each part of their offer, which they consider proprietary information that could be exempt from disclosure under Subarticle 7 Public Access to Procurement Information, Section 11-35-410, Code of Laws of South Carolina, 1976 as amended. If any part is designated as “confidential”, there must be attached to that part an explanation of how this information fits within one or more categories listed in Section 11-35-410. Lowcountry Regional Water System reserves the right to determine whether this information should be exempt from disclosure and no legal action may be brought against Lowcountry Regional Water System or its agents for its determination in this regard.

Award of Contract Agreement– If awarded, this agreement will be awarded to the proposer whose proposal is determined to be in the best interest of Lowcountry Regional Water System (see Section 6, “Selection Process and Criteria”). Lowcountry Regional Water System will be the sole judge as to whether a proposal has or has not satisfactorily met the requirements of this RFP.

The document that will form the agreement shall include this entire solicitation, all applicable amendments, and the successful proposer’s proposal. This solicitation does not commit Lowcountry Regional Water System to award a contract, to pay any cost incurred in the preparation of a proposal or to procure an agreement for this solicitation. Lowcountry Regional Water System reserves the right to accept or reject any or all proposals received as a result of this solicitation, to negotiate with all qualified proposers, or to cancel in part or in its entirety this solicitation, if it is in the best interest of the Lowcountry Regional Water System to do so.

Lowcountry Regional Water System reserves the right to interview any, all, or none of the respondents.

Assignment of Contract Agreement– Once an agreement has been put into place; the proposer shall not assign, sublet, or transfer the agreement without the written consent of the General Manager.

Post Award Changes – After Contract Agreement award, all changes to the Scope of Work or to the specifications must have prior written approval from the General Manager.

Notice of Award – The Notice of Award will be posted at the main office of the Lowcountry Regional Water System located at 513 Elm St West, Hampton, SC 29924.

Prohibition of Gratuities – The following applies to all procurements issued by Lowcountry Regional Water System: Amended section 8-13-700 and 705 of the 1976 Code of Laws of South Carolina states: “Whoever gives or offers to any public official or public employee any compensation including a promise of future employment to influence his action, vote, opinion or judgment as a public official or public employee or such public official solicits or accepts such compensation to influence his action, vote, opinion or judgment shall be subject to the punishment as provided by Section 16-9-210 and Section 16-9-220.”

Protest Procedure – Any prospective bidder, offeror, or proposer, who is aggrieved in connection with the solicitation document shall protest in writing to the General Manager within ten (10) calendar days of the date of issuance of the Request for Proposal or other solicitation document, whichever is applicable, or any amendment thereto, if the amendment is at issue. Any actual bidder, offeror, or proposer, who is aggrieved in connection with the award of a contract, shall protest in writing to the General Manager within five (5) calendar days of the posting of the Statement of Award. A protest shall be in writing, submitted to the General Manager, and shall set forth the specific grounds of the protest with enough particularity to give notice of the issues to be decided.

Contract Agreement Administration – Questions or problems arising after award of this agreement shall be directed to the General Manager by calling 803-943-1006. Copies of all correspondence concerning this agreement shall be sent to the General Manager, 513 Elm St West, Hampton, SC 29924. All change orders must be authorized in writing by the General Manager. Lowcountry Regional Water System shall not be bound to any change in the original purchase order or agreement without prior written approval of the General Manager.

Force Majeure – The proposer shall not be liable for any excess costs if the failure to perform the Contract Agreement arises out of causes beyond the control and without fault or negligence of the proposer. Such causes may include but are not restricted to acts of God or of the public enemy, acts of the Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the failure to perform must be beyond the control and without the fault or negligence of the proposer. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the proposer and subcontractor, and without the fault or negligence of either of them, the proposer shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were

obtainable from other sources in sufficient time to permit the proposer to meet the required delivery schedule.

Publicity Releases – The proposer agrees not to refer to award of this Contract Agreement in commercial advertising in such a manner as to state or imply that the products or services provided are endorsed or preferred by the Lowcountry Regional Water System. With regard to news releases, only the name of the Lowcountry Regional Water System, type and duration of agreement may be used and then only with prior approval of the Lowcountry Regional Water System. The proposer also agrees not to publish, or cite in any form, any comments or quotes from the Lowcountry Regional Water System Staff, unless it is a direct quote from the General Manager.

South Carolina Law Clause – Upon award of an agreement under this proposal, the person, partnership, association or corporation to whom the award is made must comply with the laws of South Carolina, which require such person or entity to be authorized and/or licensed to do business within the State. Notwithstanding the fact that applicable statutes may exempt or exclude the proposer from requirements that it be authorized and/or licensed to do business in this State, by submission of this signed bid, the proposer agrees to subject himself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the agreement and the performance thereof, including any questions as to the liability for taxes, licenses, or fees levied by the State or its political subdivisions.

Affirmative Action – The successful bidder will take affirmative action in complying with all Federal and State requirements concerning fair employment and treatment of all employees, without regard or discrimination by reason of race, color, religion, sex, national origin, or physical handicap.

Illegal Immigration Reform Act – Title 8, Chapter 14, Act 280: By submittal of this bid, you are certifying that you are in compliance with Title 8, Chapter 14, or that this law is inapplicable to you and your subcontractors.

SECTION 2: INTRODUCTION AND BACKGROUND

The Town of Gifford sewer system is served by a single lift station located at 6279 Columbia Highway North. The station was originally constructed in 1987 and is equipped with two 25 HP submersible pumps. While the capacity of the pump station is adequate, the pumping equipment has not been rehabbed or replaced since it was put into operation. As a result, the condition of the pump station is poor and unreliable, and operations staff are having to spend excessive time visiting the station to monitor and troubleshoot pump operations.

This pump station conveys wastewater along a 7-mile force main to the Town of Fairfax, where it is ultimately conveyed to the Allendale WWTP. The force main is equipped with 14 air release valves at high points and other changes in grade along the route.

The proposed pump station improvements include the rehabilitation of the entire pump station including all pumping equipment, piping, valves, controls and electrical panels as follows:

- Demolish the existing pumps, guide rails, discharge piping and other accessories located within the wetwell.
- Demolish the precast valve vault and wetwell top slab, and remove all discharge piping and valves.
- Demolish existing electrical equipment and pump control panel.
- Rehab wetwell with epoxy coating.
- Replace existing submersible pumps with new non-clog, high efficiency, submersible pumps. Install new stainless steel guide rails and lifting accessories.
- Replace all discharge piping and valves with above ground 4" diameter flanged piping and fittings to include a check valve and plug valve for each pump, an air release valve and pressure gauge, a bypass connection with valves, and a magnetic flow meter.
- Construct new concrete top slab and install new hatch with safety grating.
- Install new pump control panel and electrical panels including area lighting. Control system to include ultrasonic level transmitter and back up float switches.
- Install a permanent generator and automatic transfer switch.
- Install a radio and antenna in existing RTU and integrate pump station monitoring and controls into existing SCADA system.
- Replace site security fencing with vinyl coated fencing including privacy fencing. The new fencing will encompass a 20' x 40' area to allow room for permanent generator as well as adequate space for a temporary bypass pump.
- Regrade and resurface site.
- The existing air valves are beyond their useful life and should be replaced to protect the life of the new pumping equipment.

LRWS has been awarded a \$400,000 grant from the SC Rural Infrastructure Authority (RIA) to complete the proposed improvements. LRWS will fund non-grant eligible items such as permitting, design, and construction observation and administration.

SECTION 3: SCOPE OF WORK

The Lowcountry Regional Water System is accepting proposals for engineering services for the permitting, design, bidding and construction administration for the Gifford Lift Station Rehabilitation.

The following items will be considered part of the Engineering Proposal to complete the work:

A. Project Preparation

- Conduct project kick off meeting to review preliminary design information, as-built drawings, and other available information.
- Conduct survey to document existing conditions.
- Prepare preliminary design documents and cost estimate for Owner review.
- Prepare final design/bid documents and detailed plans along with final cost estimate.

B. Permitting & Encroachment

- Prepare submittals required to obtain all necessary permits

C. Bidding

- Advertise project.
- Prepare and distribute plans to bidders, respond to bidder's questions, and prepare and issue addenda.

- Conduct bid opening.
 - Review bids, evaluate contractors, and make recommendations.
- D. Construction Administration & Construction Observation
- Prepare contract documents and conduct pre-construction meeting.
 - Oversee construction administration, including review of contractor submittals, requests for information, pay requests, and preparation of change orders, as required.
 - Perform part-time construction observation as required to oversee the project. Provide weekly construction reports to Owner.
- E. Project Close Out
- Prepare project punch list and participate in final inspections.
 - Prepare record drawings and other project close-out documents as required.
 - Request project acceptance and operating permits from regulatory agencies.

This RFP has been compiled for the purpose of providing information, requirements, guidelines, specifications, and other data that can be used by proposers who wish to submit a proposal for consideration. All proposals must address the services detailed herein.

Additional work and/or special projects will be negotiated. If the proposer is unwilling to continue under the terms of the contract, the Lowcountry Regional Water System may release them from its obligations. However, a thirty (30) day notice by the proposer will be required and it will not be permitted to bid on the next contract. If the proposer fails to make adequate progress towards the milestones outlined in the Work Schedule provided as part of Section 5.5, the Lowcountry Regional Water System retains the rights to discontinue the agreement and retain another proposer.

The proposer may submit monthly invoices based on % completion of each itemized task as outlined in the agreement (see Section 5.5, Compensation).

3.1 SUBCONTRACTING

Firms anticipating subcontracting any portion of this engagement shall so state in their proposal and identify their proposed subcontractor(s). Following the award of the agreement or service, no additional subcontracting will be allowed without express prior written consent of the Lowcountry Regional Water System.

3.2 TIME REQUIREMENTS

A kickoff conference will be held with the Staff Engineer, Wastewater Collection Field Supervisor and the successful firm to discuss the scope of the project and the work schedule. The successful firm shall provide an initial listing of required documents and information needed at the kickoff conference. The Lowcountry Regional Water System will submit records as requested and that may be available.

A tentative schedule for the project is requested as part of the response to the proposal. LRWS anticipates selecting an engineer and executing an engineering agreement by September 1, 2021. The RIA grant, which was awarded on May 17, 2021, requires that the project be advertised

within 9 months of the grant award, or no later than February 17, 2022. The grant period shall not exceed May 16, 2023.

SECTION 4: ASSISTANCE TO BE PROVIDED

The proposer's principal contact for the Lowcountry Regional Water System will be Kari Foy, Engineer, or a designated representative, who will coordinate the assistance to be provided by the Lowcountry Regional Water System to the proposer.

SECTION 5: PROPOSAL REQUIREMENTS

Proposers shall include with their proposals sufficient information to demonstrate that they meet the following requirements for this project. Please label your responses for each of the following sections:

5.1 QUALIFICATIONS (Suggested 2- Page Limit)

Include a thorough summary of the proposer's qualifications to perform the work required, including but not limited to:

- **Qualifications, Experience and Nondiscrimination**
 - Affirm that the proposer meets the qualifications and experience needed to provide the services requested.
 - Affirm that the proposer does not discriminate in employment of persons upon the basis of race, color, creed, national origin, sex, age, or physical handicap.
- **Personnel Qualifications of Partners and Staff (Suggested 1-Page Limit);** Please provide information on personnel to be used on the project, their qualifications, and experience with similar projects to include:
 - Identify the partners, and other staff who will work on the project, including staff from other than the main office.
 - Describe any professional education or background that qualifies you in performing the work outlined in the Scope of Work.
 - Describe any additional license or certifications attained.

5.2 EXPERIENCE (Suggested 3-Page Limit)

Please provide the following information:

- A comprehensive list of similar governmental projects completed within the last three (3) years involving your firm.
 - Describe for each staff member who will work on the project, a list of similar projects that they have been involved in.

5.3 PROJECT DESCRIPTION (Suggested 3-Page Limit)

Include a detailed description of how the project is to be approached and completed. The response to the proposal should clearly state an understanding of the work to be performed. Appropriateness and adequacy of proposed procedures will be considered.

5.4 WORK SCHEDULE (Suggested 1-Page Limit)

The preliminary schedule to complete the required work is based upon the execution of the Contract Agreement no later than September 1, 2021. The RIA Grant requires that the project be advertised within 9 months of the grant award, or no later than February 17, 2022. Design documents, including engineering calculations, permit applications, engineering drawings, technical specifications and contract documents shall be submitted to the Engineer for review at appropriate times during the project. Clearly state a proposed schedule to meet these deadlines. Please also include an estimated construction period based upon proposer's experience with similar projects and proposer's recommendation regarding appropriate construction observation required to oversee the project, provide weekly updates, and certify the project. Finally, address proposer's overall workload during this period and availability to meet stated deadline. Reasonableness of time estimates and timeliness of expected completion as well as meeting statutory deadlines will all be considered.

5.5 COMPENSATION (Suggested 1-Page Limit)

Although cost is a significant factor, it will not be the sole factor. Explain how fees are determined, and how you would propose to minimize them and still maintain your professional quality standards in this study.

Estimate the total hours, the estimated out-of-pocket costs, and the resulting Lump Sum Cost of Services based on Engineering Work Scope described above for each of the following tasks: A) Design and Permitting, B) Bidding, C) Contract Administration and D) Close Out. Estimate the total hours, the estimated out-of-pocket costs, and the resulting Time and Materials Cost for the proposer's recommended construction observation effort. State the hourly rates to be charged for each staff classification. All fees and charges related to the project must be included. Include the hourly rate for ongoing assistance and any other consulting or management services that can be offered.

5.6 EXCEPTIONS (Suggested 1-Page Limit)

The proposal should refer to the acceptance of the statements and requirements set forth in this RFP. If there are any requirements of the RFP that are not acceptable, please list exceptions and explain.

5.7 REFERENCES (Suggested 2-Page Limit)

Provide five (5) references for governmental sector clients for whom your firm has completed similar projects within the last three (3) years. For each reference, please provide the entity name, contact person's name, title, email address and telephone numbers as well as a brief description of the project.

5.8 CONTRACT

If your company requires a contract agreement, you must provide a sample agreement with your proposal.

5.9 INSURANCE

Include a statement that your firm will comply with all the insurance requirements stated in Section 7.

SECTION 6: SELECTION PROCESS AND CRITERIA

An Evaluation Committee will be formed to review each proposal for compliance to the RFP. It will be the option of the Lowcountry Regional Water System to conduct interviews. Interviews may be conducted with some or all respondents. The Evaluation Committee will make their recommendation to the Commission of the Lowcountry Regional Water System, if applicable. The Commission of the Lowcountry Regional Water System has the right to accept or refuse the Evaluation Committee's recommendation.

The Evaluation Committee shall evaluate each of the responses using the following general criteria:

EXPERIENCE and REFERENCES (Responses to Sections 5.2 and 5.7)

QUALIFICATIONS (Responses to Section 5.1)

COST (Response to Section 5.5)

PROJECT DESCRIPTION AND SCHEDULE (Responses to Section 5.3 and 5.4)

OVERALL RESPONSIVENESS TO RFP REQUIREMENTS (Responses to Sections 5.6, 5.8 and 5.9 as well as overall proposal document)

SECTION 7: INSURANCE

The successful consultant shall procure, maintain, and provide proof of insurance coverage for injuries to persons and/or property damage as may arise from, or in conjunction with, the work performed on behalf of the Lowcountry Regional Water System by the consultant, his agents, representatives, employees or subcontractors. Proof of coverage as contained herein shall be submitted fifteen (15) days prior to the commencement of work and such coverage shall be maintained by the consultant for the duration of the agreement period, for occurrence policies. **Include a statement in your proposal that your firm will comply with these insurance requirements.**

1. Workers' Compensation

Limits as required by the Workers' Compensation Act of SC, to include State's endorsement for businesses outside of SC. Employer's Liability, \$1,000,000.

2. Professional Liability

Minimum limits are \$1,000,000 per occurrence.

Coverage Provisions

1. All deductibles or self-insured retention shall appear on the certificate(s).

2. Lowcountry Regional Water System, its' officers/ officials, employees, agents and volunteers shall be added as "additional insured" as their interests may appear. This provision does not apply to Professional Liability or Workers' Compensation/Employers' Liability.

3. The consultant's insurance shall be primary over any applicable insurance or self-insurance maintained by the Lowcountry Regional Water System.

4. Shall provide 30 days written notice to the Lowcountry Regional Water system before any cancellation, suspension, or void of coverage in whole or part, where such provision is reasonable.

5. All coverage for subcontractors of the consultant shall be subject to all of the requirements stated herein.

6. All deductibles or self-insured retention shall appear on the certificate(s) and shall be subject to approval by the Lowcountry Regional Water System. At the option of the Lowcountry Regional Water System, either; the insurer shall reduce or eliminate such deductible or self-insured retention; or the consultant shall be required to procure a bond guaranteeing payment of losses and related claims expenses.

7. Failure to comply with any reporting provisions of the policy(s) shall not affect coverage provided the Lowcountry Regional Water System, its officers/officials, agents, employees, and volunteers.

8. The insurer shall agree to waive all rights of subrogation against the Lowcountry Regional Water System, its' officers/officials, agents, employees, or volunteers for any act, omission, or condition of premises, which the parties may be held liable due to negligence.

9. The consultant shall furnish the Lowcountry Regional Water System certificates of insurance including endorsements affecting coverage. The certificates are to be signed by a person authorized by the insurance company(s) to bind coverage on its behalf, if executed by a broker, notarized copy of authorization to bind, or certify coverage must be attached.

10. All insurance shall be placed with insurers who are lawfully authorized to do business in the State of SC, and who maintain an A.M. Best rating of no less than an A: VII. If A.M. Best rating is less than A: VII, approval must be received from the Lowcountry Regional Water System.
